

MCDC representation at ASTMH 2014

Monday 3 November	
8.00 - 9.45	Scientific Session 5. Malaria: Biology and Pathogenesis
Ocholla, Harold	19 - Genomic assessment of Plasmodium falciparum population structure and diversity during an enhanced malaria control program in Siaya County, western Kenya
12.00 - 13.45	28. Poster Session A
Cisse, Badara	LB-3123 - Case-control study of effectiveness of insecticide-treated bednets in central Senegal
Lusingu, John	474 - Evaluation of children admitted in Korogwe District Hospital, Tanzania from 2005 to 2012 with intention to treat for malaria
Mandala, Wilson	395 - Regulatory T cells and IL-10 kinetics during acute uncomplicated malaria and convalescence in Malawian children residing in high and low malaria transmission areas
Matovu, Fred	378 - Household health care-seeking costs: experiences from a randomized, controlled trial of community-based malaria and pneumonia treatment among under-fives in eastern Uganda
McCullough, Hazel	96 - Developing sustainable career development support for African researchers
Mosha, Jacklin	348 - Hot spot or not: A comparison of spatial statistical methods to predict prospective malaria infections
Nankabirwa, Joaniter	242 - Impact of intermittent preventive treatment with dihydroartemisinin-piperaquine on cognitive function, school attendance and school performance in Ugandan schoolchildren: a randomized placebo-controlled trial
Ndiaye, Youssoupha	278 - Pecadom Plus: An Active, Community-Based Approach to Malaria Detection and Treatment
Ndiaye, Magatte	394 - Potential impact of Intermittent Preventive Treatment (IPT) on the acquisition of antibodies to malaria antigens GLURP-R0 and AMA-1 in Senegalese children
Ndibazza, Juliet	403 - The association between maternal hookworm infection in pregnancy and antimalarial antibody responses in the offspring
Osarfo, Joseph	239 - Safety and efficacy of dihydroartemisinin-piperaquine for treating uncomplicated falciparum pregnancy-associated malaria in Ghana
Tine, Roger	254 - Combining community case management of malarial and seasonal malaria chemoprevention for children less than 10 years in Senegal: feasibility, impact on malaria and anemia
16.00 - 17.45	Scientific Session 47. Malaria: Genomics and Molecular Studies
Nkhoma, Standwell	620 - Subtle changes in Plasmodium falciparum infection complexity following enhanced intervention in Malawi
Tuesday 4 November	
10.15 - 12.00	Scientific Session 71. Malaria: Epidemiology - Transmission, Evaluation and Intervention
Mbeye, Nyanyiwe	702 - Cessation of cotrimoxazole prophylaxis in HIV exposed children does not increase the incidence of malaria and other morbidities
10.15 - 12.00	Symposium 82. Anemia - A Hidden Disease: New Evidence and Tools to Reduce Its High Global Impact
Phiri, Kamija	Multifactorial epidemiology of severe anemia in Malawi
13.45 - 15.00	Scientific Session 97. Mosquitoes: Insecticide Resistance and Control
Kabula, Bilali	1189 - A significant association between the Vgsc-L1014S kdr mutation and infection with Plasmodium falciparum in Anopheles gambiae in eastern Tanzania
12.00 - 13.45	84. Poster Session B
Kabula, Bilali	768 - Increased expression of metabolic resistance candidate mutations in the malaria vector Anopheles gambiae sensu stricto in Dar es Salaam, Tanzania
Matowo, Johnson	752 - Genetic basis of pyrethroid resistance in a population of Anopheles arabiensis, the primary malaria vector in Lower Moshi, north eastern Tanzania
Njama-Meya, Denise	870 - Overdiagnosis of malaria using a rapid diagnostic test in a high malaria transmission setting in Uganda
Oyier, Lynette Isabella	989 - Evidence of selection in polymorphic P. falciparum merozoite antigens during the recovery of children from malaria
Samb, Badara	764 - Investigating the Mechanisms of DDT and Dieldrin Resistance in Field Populations of Anopheles funestus in Senegal
Wednesday 5 November	
8.00 - 9.45	Scientific Session 121. Arthropods: Operational Aspects of Insecticide Resistance
Kitau, Jovin	1247 - Microencapsulated DEET as an Indoor Residual Spray treatment for control of Anopheles arabiensis
12.00 - 13.45	140. Poster Session C
Quartey, Alberta Amu	1524 - Malaria Incidence in a District with 3 ecological zones in Southern Ghana
Ansah, Evelyn	1471 - Changes in the availability and affordability of ACTs in the rural West African private retail sector: two and a half years post AMFm
Bojang, Kalifa	1544 - A comparative case control study of the determinants of clinical malaria in The Gambia
McCullough, Hazel	1301 - Mentorship for Global Health Researchers
Thursday 6 November	
8.00 - 9.45	Symposium 168. Malaria Data for Decision-Making: from the Local to the Global
Sesay, Sanie	Use of Easy Access Groups to inform district level decision-making in Malawi
