

MCDC representation at ASTMH

Sunday 11 November	
10:00 am - 3:00 pm	Young Investigator Award Session B (closed session)
Sesay, Sanie	362 - The evaluation of Easy Access Groups as a tool for monitoring temporal changes in malaria transmission and coverage of control interventions in Malawi: The Evalmal Study
Monday 12 November	
12.00 - 1.45pm	24. Poster Session A Presentations and Light Lunch
Asoala, Victor	LB-9 - Malaria Transmission Dynamics in an Area with a Long Use and High Coverage of Insecticide Treated Bed Nets
Kabula, Bilali	197 - The Occurrence of Phenotypic Insecticide Resistance to Main Malaria Vectors in Tanzania
Kabula, Bilali	226 - Distribution of Anopheles gambiae s.l. in Different Ecological Zones of Tanzania: Implications for Malaria Vector Control
Kitau, Jovin	195 - Species Shift in Anopheles gambiae complex: Do LLINs Successfully Control Anopheles arabiensis?
Nankabirwa, Joaniter	379 - Asymptomatic Plasmodium spp. infection and cognition among primary schoolchildren aged 6-14 years in a high malaria transmission setting in Uganda
Ndiaye, Magatte	346 - Assessment of the molecular marker of Plasmodium falciparum chloroquine resistance (Pfcr) in Senegal after several years of chloroquine withdrawal
Ndiaye, Magatte	LB-47 - Selection of molecular markers of sulfadoxine-pyrimethamine resistance in P. falciparum after Intermittent Preventive Treatment of infants and children (IPTi/c) in Senegal
Sesay, Sanie	362 - The evaluation Of Easy Access Groups as A tool for monitoring temporal changes in malaria transmission and coverage of control interventions in Malawi: The Evalmal Study
Tuesday 13 November	
10:15 am - 12:00 pm	65. Malaria: Epidemiology: Malaria in Children and Finding the Hotspots
Mosha, Jacklin	545 - Household Malaria Parasite Biomass and Subsequent Risk of Symptomatic Malaria in Children in Tanzania
12.00 - 1.45pm	76. Poster Session B Presentations and Light Lunch
Antwi, Gifty	883 - Prevalence of malaria and anaemia among pregnant women attending antenatal care clinics in the Ejisu-Juaben and Sekyere-East districts of Ghana
Matowo, Johnson	723 - Increased levels of pyrethroid resistance in the primary malaria vector Anopheles arabiensis in rural Lower Moshi, North Eastern Tanzania
Ndibazza, Juliet	875 - The effect of maternal malaria and helminth infections on childhood malaria: a birth cohort in Entebbe, Uganda
Osarfo, Joseph	831 - Efficacy, Safety and Tolerability of Dihydroartemisinin-piperaquine for treatment of uncomplicated falciparum malaria in pregnancy in Ghana: a randomized, non-inferiority trial
Samb, Badara	722 - First Evidence of Pyrethroid Resistance in an Anopheles funestus Population from Senegal
Tine, Roger	781 - The association between malaria parasitaemia, erythrocyte polymorphisms, malnutrition and anaemia in children less than 10 years in Senegal: a case control study
12:15 - 12:45 pm	76. Poster Showcase (short oral presentation at start of Poster Session B)
Ndibazza, Juliet	875 - The effect of maternal malaria and helminth infections on childhood malaria: a birth cohort in Entebbe, Uganda
Wednesday 14 November	
12.00 - 1.45pm	128. Poster Session C Presentations and Light Lunch
Mbeye, Nyanyiwe	1133 - Assessing adherence to cotrimoxazole prophylaxis using self-report and pill count among HIV exposed children in a semi-urban district in Malawi
Hazel McCullough	1282 - Supporting the development of researchers in low and middle income countries in Africa through personal development planning and formal mentoring
Ndiaye, Youssoupha	1330 - Rationale and design of CCM in Saraya district: Results and implications for policy in rural Senegal
Njama-Meya, Denise	LB-334 - Withholding Antimalarials in Febrile Children With Negative Rapid Diagnostic Test Results in a Moderate Malaria Transmission Area, in Uganda is Safe.
Ocholla, Harold	1190 - Genome-wide variation and selection signatures in Plasmodium falciparum clinical isolates from a rural Malawian population
